

STONE INDUSTRIES PROUDLY PRESENTS OUR RECONFIGURABLE RUBIX SERIES RESTROOM TRAILER

The Rubix is perfect for construction projects with bathroom shutdowns. The reconfigurable interior features all amenities including stainless steel sinks, flushing toilets, urinals, custom vanities, and mirrors.

Are you planning a big sporting event or tournament? Or perhaps you have a construction project planned where you need flexibility on the number of accommodations for men versus women? Stone Industries' Rubix is the restroom trailer for you! Just by closing and locking one interior door and opening another, it can be set up for either:

- **MEN: Three toilets, four urinals, and two sinks**
- **WOMEN: One toilet and one sink**

OR

- **MEN: One toilet, four urinals, and one sink**
- **WOMEN: Three toilets and two sinks**
